Clarkson Eyecare Sponsors Read St. Louis Program

March 13, 2013...St. Louis, MO - Clarkson Eyecare has partnered with the St. Louis Library Foundation as a proud sponsor of the 2013 Read St. Louis program, a joint initiative developed by the St. Louis Public and St. Louis County Libraries. The goal of the program is to encourage St. Louisans of all ages to read and discuss books.

Dr. Michael Isserman, an ophthalmologist at the Creve Coeur Clarkson Eyecare, has been a longtime supporter of the library and thought the partnership would be a perfect fit. "Reading and libraries have been a large part of my life since I was a child," Isserman says. "Helping people to see to read is what we do [at Clarkson] everyday."

The program chooses six books each year across a variety of subjects, age groups and reading levels. Authors are invited to give a reading, discuss their works and take questions from event attendees. These events take place at libraries in both the Public and County library systems.

The Read St. Louis program runs March 8 – October 21, 2013. A complete list of events may be found at www.ReadStLouis.org.
